

## AlpGov Follow-Up Workshop: »Networking for Ecological Connectivity and Green Infrastructure«

Follow-up Workshop will be organised by the Institute of the Republic of Slovenia for Nature Conservation (Zavod RS za varstvo narave), EUSALP Action Group 7 co-lead, in cooperation with the Slovenian Ministry of the Environment and Spatial Planning.

Izola, Slovenia  
Manzioli Palace, Manzioli Square 5,  
19<sup>th</sup> of September 2018, 8:30 – 18:00

*Draft program [17-09-2018]*

	Topic	Speaker/ Organisation
<b>8.30</b>	<i>Arrival, coffee</i>	
	<b>Morning Session</b>	
9:00	Welcome	mag. Teo Hrvoje Oršanič, Director of the Institute of RS for Nature Conservation Bojana Cipot, SI MRS National Coordination, RS Ministry of Foreign Affairs
	Introduction Aim of the workshop – to foster the dialogue building on the results from previous discussions	Tina Trampuš, Institute of RS for Nature Conservation, EUSALP AG 7 co-lead
	Green Infrastructure on EU and EUSALP level – a matter for future European funding post 2020	Peter Eggensberger, Bavarian State Ministry of the Environment and Consumer Protection, member EUSALP Executive Board
	Koper Workshop 2017 – results summary	Blanka Bartol, Ministry for the Environment and Spatial Planning, Slovenia, EUSALP AG7
	Implementation Initiatives on Alpine GI: - EUSALP AG7 activities (2017-2018) on preparation of the “star list” - Current situation - Striving for synergies between EUSALP AGs - Linking current activities to next program period (programming, Interreg, ARPAF..., national level)	Katalin Czippán, IUCN Commission for Education and Communication, EUSALP AG7

	<p>AlpGov Project (ASP)</p> <ul style="list-style-type: none"> <li>- EUSALP Implementation – ecological connectivity and GI</li> <li>- Current state and proposals for the near future</li> </ul> <p>EUSALP AG 7 &amp; Leader Workshop</p> <ul style="list-style-type: none"> <li>- Concept and content</li> <li>- Invitation to Torino</li> </ul>	<p>Michaela Künzl, Bavarian State Ministry of the Environment and Consumer Protection, AlpGov Lead Partner and EUSALP AG7 co-lead</p>
	Reflections + Discussion	
	<i>Introduction of the Exhibition »Green Infrastructure – New Challenges for urban landscape planning«</i>	<i>Slovenian Association of Landscape Architects (DKAS)</i>
<b>10:30</b>	<b>Coffee break</b>	
<b>11:00</b>	<b>GI ongoing projects, activities and outcomes</b>	
	<p>Ecological Network Platform, Alpine Convention</p> <ul style="list-style-type: none"> <li>- Program 2017-2018, study</li> <li>- Visions for 2019 and post-2020</li> </ul>	Blanka Bartol
	<p>GRETA (ESPON) - Green infrastructure: Enhancing biodiversity and ecosystem services for territorial development</p>	Blanka Bartol
	<p>AlpBioNet2030 (ASP)</p> <ul style="list-style-type: none"> <li>- Strategic Alpine Connectivity Areas</li> <li>- <a href="http://www.jecami.eu">www.jecami.eu</a></li> <li>- Connectivity Index in Forests (SI project partner)</li> </ul>	<p>Jani Bergant, Agricultural Institute of Slovenia in cooperation with alparc, AlpBioNet2030</p> <p>Rok Pisek, Slovenia Forest Service, AlpBioNet2030 PP</p>
	GREVISLIN, Interreg SI-IT	Črtomir Špacapan, RRA Severne Primorske
	LifeDinBear project – recent developments and outputs	Klemen Jerina, University of Ljubljana, Faculty for Forestry
	Other GI projects – finished or in progress (Workshop participants input)	Tina Trampuš
	Reflections + Discussion	
	<i>”Antipasto” – A look at the AG7 table</i>	
<b>13:00</b>	<b>Lunch</b>	
	<b>Afternoon Session</b>	
	Next steps in preparing proposals for the implementation for program period post 2020	
<b>14:00</b>	<b>Interactive plenary</b>	Facilitators – Blanka Bartol, Katalin Czippan, Tina Trampuš
	<i>Let’s see what we have!</i>	
	Feed-in from the morning session	

	<ul style="list-style-type: none"> <li>- Compilation of ideas from different discussions, sources.</li> <li>- What are the challenges for GI project implementation? What possible synergies can we foster?</li> </ul>	
	<p><i>Let's see what we want!</i></p> <p>Prioritisation Which are strategic project ideas/implementation initiatives</p> <ul style="list-style-type: none"> <li>- relevant for implementation of the Alpine GI?</li> <li>- interesting to develop in eastern part of EUSALP?</li> </ul>	
<b>15:00</b>	<b><i>Coffee break</i></b>	
<b>15:30</b>	<p><b>Working groups</b> To further develop the identified proposals into tangible project ideas and strategic initiatives backed with relevant partnerships.</p>	
	<p>Project ideas /Implementation Initiatives</p> <ul style="list-style-type: none"> <li>- Description – problem, solution, main characteristics...</li> <li>- Potential partnerships - Who's in the room, who's missing - commitments etc.</li> </ul>	
	Exchange of the views + Reflection on the results of the group work	
<b>17:00</b>	<b>Conclusions and next steps</b>	Tina Trampuš, Blanka Bartol
<b>17:30</b>	<b><i>Field visit: A Green Infrastructure example - coast between Izola and Koper</i></b>	<i>Optional, on foot or by bicycle* Start at KUSHIN (Ljubljanska Street)</i>

\* **Field visit** – A walk or ride to the location on the coast road towards Koper – one-way distance

a) 2,4 km, short version – till Rex or

b) 4,4 km, long version – till Žusterna.

Bicycles will be available free of charge. Please, dress casually.

Discussion points: The coastal road situated between a cliff and sea has been closed for motor traffic – and now? Green and blue corridors – what does green/blue stands for? Opportunities and challenges of spatial planning. Announcement of the event 'Draw the Coast' for Friday, 21-9-2018

Please register for participation during the workshop and before lunch.

The activity will be cancelled in case of bad weather (information will be provided during workshop).

## Exhibition »Green Infrastructure – New challenges for urban landscape planning«

Manzioli Palace, Izola, 18.–30. 9. 2018

International exhibition presents experiences from the field of strategic planning and maintenance of green infrastructure, e.g. parcs, tree avenues, walking and thematic trails, river banks and water areas. It aims at emphasizing the importance of strategic and comprehensive planning of green open space and cooperation among planners, investors, implementer and citizens. It tries to present to the broader professional and interested public the potential that green infrastructure holds for the improvement of the quality of the living environment. Exhibition was prepared in 2016 by the Slovenian Association of Landscape Architects (SALA) for the Conference in Ljubljana. Examples from Slovenian and foreign (Croatia, Serbia) authors and posters from the TURAS Project will be displayed.

Follow-Up Workshop: »Networking for Ecological Connectivity and Green Infrastructure« on EUSALP web page:
