Aims of the workshop:

- To illustrate on the concrete activities on GI planning and managing, that GI is more than an abstract term - it ensures the linkage between countries and is a base for human well-being providing several ecosystem services – it is part of our daily life;
- To share lessons learnt from project Life to Grasslands and other examples from participants that could be directly useful for other projects;
- To share the present status of LUIGI to show what kind of benefits, results are expected from the project and discuss about further collaboration with stakeholders;
- To provide feedback for presenters by workshop participants and exchange on good/bad practices regarding GI, ecological connectivity, branding, education, ...

Invited participants:

- EUSALP AG7 members
- LUIGI project partners
- Participants of the GI workshops from MCW 2019
- Other EUSALP AGs (AG6, AG8, AG9 ...)

Event will be organised by the **Institute of the Republic of Slovenia for Nature Conservation (Zavod RS za varstvo narave)**, EUSALP Action Group 7 co-lead and members.

Workshop will be organised on-line **hosted by the LUIGI partner, Hochschule Weihenstephan-Triesdorf** and implemented and promoted within the Mediterranean Coast and Macro-Regional Strategies Week 2020.

Project "AlpGov 2" is co-financed by the European Regional Development Fund.
